efficiency: everyone finished their parts on time
everyone is willing to share their ideas
[illegible] of a team to [illegible]

Like.
keep service-oriented
communicate properly

Liked.
① Talking my opinion with my teammates
② Having conversation with my client.

Liked
keep good communicating

Learned understand the needs of the client and how to put the idea into the truth.

~~After~~ Liked
Everyone Participated and contributed at the end report. End report consisted of everyone's ideas, rather than an individualistic opinion

learned

Learned.
1. How to Report our plan to client.
2. Make ideas to be practical.

Learned:
How to work as a team, if you have high expectations, you should guard down yourself so that you [illegible] how your team wants everything to flow.

learned:
Solve problems with clients - oriented [illegible]
think / gather info from different aspect

express opinion in an appropriate way

Lacked

lacked:
more communications (haha)
We basically ~~[illegible]~~ did our part individually

more [illegible] double check

Lacked
No direct chance to have feedback with our client's customers

Lacked
Communication, Ideas, Flows, visualisation,
I wasn't able to implement the design and creativity, the report crossed 2000+
I wasn't able to meet the client expectation
I wasn't able to deliver

What I ~~[illegible]~~ taught for the client but atleast we worked as a team collaborated and end report was made with the team efforts,

Long for

longed for:
engagements

Longed for.
More time to test our plan.

Lacked.
• good [illegible]
[illegible] of the idea, always agree with others

Longed for: [illegible], everyone [illegible] share their ideas have a [illegible] with others

Longed for.
Better communication, my ideas, thoughts and viewpoints appreciated, everyone really taking the project seriously and communicate and respond in the group rather than I have to rent them repeatedly
